

military to the border of Ukraine. They feel empowered because they are able to have a pipeline that President Biden okayed but that America was denied.

We watch China pressure Taiwan even further.

Madam Speaker, we still have Americans stuck in Afghanistan.

Madam Speaker, it is just a little more than a week away from Thanksgiving when millions of Americans will gather together. But those events may be smaller because they may not be able to afford the gas to drive to see their family. They may not be able to afford the most expensive Thanksgiving dinner they have ever had. They are looking to Washington to do better.

Madam Speaker, the worst thing possible we could do is not to listen to them. They have spoken loudly, and they have spoken clearly that the path that we are on is wrong. They cannot afford it; they cannot accept it; and they expect us to do better.

But an idea to rush a bill this large and not have any analysis and to think the American people won't understand it—they have watched what happened this year under one-party rule, and on Tuesday, they said that will change. I just hope, Madam Speaker, that this body listens and waits for the report because they will not be able to justify a "yes" vote for it.

America cannot afford it. For the good of the country, let's take ahold of it, and let's defeat this bill.

RECOGNIZING BRENT'S FIREHOUSE COFFEE

(Mrs. MILLER-MEEKS asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. MILLER-MEEKS. Madam Speaker, I rise today to recognize the generosity and Iowa nice spirit of a couple from my district.

Recently, Brent and Amy Brightman, the owners of Brent's Firehouse Coffee in Camanche, presented the Camanche Police and Fire Departments with \$2,000 each in what they hope to be the first of an annual donation to their city's first responders.

When asked about the generosity of their donations, Brent, who has served as a volunteer firefighter in Camanche for over a decade, said that they started Brent's Firehouse Coffee not only to support their community but to support first responders.

Iowa has some of the best businesses and first responders, and I am beyond proud to see our community come together to support one another.

I thank Brent, Amy, and the first responders of Camanche for their continued and unwavering service to our community.

ALARMING RATE OF INFLATION

(Ms. FOXX asked and was given permission to address the House for 1 minute.)

Ms. FOXX. Madam Speaker, as if things could not get any worse under this administration, we found out last week that inflation is now at a 30-year high. This comes as Americans are worried about the cost of Thanksgiving dinner, the cost of putting gas in their cars, and even the cost of heating their homes for the winter.

Under this administration, inflation has metastasized at an alarming rate across the country. Every small town in America feels the strain of inflation. Every American family feels it. Every hardworking taxpayer feels it. Yet, this administration is too blinded by its own ignorance to figure out what is happening.

Madam Speaker, it is clear that the so-called Build Back Better agenda was just a lie this entire time.

STUDY ON DISPARITIES ASSOCIATED WITH RACE AND ETHNICITY WITH RESPECT TO CERTAIN BENEFITS ADMINISTERED BY THE SECRETARY OF VETERANS AFFAIRS

Mr. TAKANO. Mr. Speaker, I move to suspend the rules and pass the bill (S. 1031) to require the Comptroller General of the United States to conduct a study on disparities associated with race and ethnicity with respect to certain benefits administered by the Secretary of Veterans Affairs, and for other purposes.

The Clerk read the title of the bill.

The text of the bill is as follows:

S. 1031

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. GOVERNMENT ACCOUNTABILITY OFFICE STUDY ON DISPARITIES ASSOCIATED WITH RACE AND ETHNICITY WITH RESPECT TO CERTAIN BENEFITS ADMINISTERED BY THE SECRETARY OF VETERANS AFFAIRS.

(a) STUDY REQUIRED.—The Comptroller General of the United States shall conduct a study—

(1) to assess whether there are disparities associated with race and ethnicity with respect to—

(A) compensation benefits administered by the Secretary of Veterans Affairs;

(B) disability ratings determined by the Secretary, with specific consideration of disability evaluations based on pain; and

(C) the rejection of fully developed claims for benefits under laws administered by the Secretary; and

(2) to develop recommendations to facilitate better data collection on the disparities described in paragraph (1).

(b) INITIAL BRIEFING.—Not later than one year after the date of the enactment of this Act, the Comptroller General shall brief Congress on the initial results of the study conducted under subsection (a).

(c) FINAL REPORT.—Not later than 240 days after the date on which the briefing required by subsection (b) is conducted, the Comptroller General shall submit to Congress a final report setting forth the results of the study conducted under subsection (a), including the recommendations developed under paragraph (2) of such subsection.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from California (Mr. TAKANO) and the gentleman from Illinois (Mr. BOST) each will control 20 minutes.

The Chair recognizes the gentleman from California.

GENERAL LEAVE

Mr. TAKANO. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on S. 1031.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

Mr. TAKANO. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of S. 1031. To build a better, more welcoming, and more equitable Department of Veterans Affairs, we must take a hard look at how VA can earn back trust. Too many veterans have experienced barriers to receiving the benefits that they have earned from service to our country.

I believe that VA care and benefits must be distributed fairly to all eligible veterans, regardless of social or physical disparities. That is why we must look back to document whether veterans have been unjustly denied benefits, address the root causes of disparities, and ensure equitable treatment moving forward.

Such an important evaluation will certainly require digging into vast datasets, evaluating agency processes, and laying the framework for meaningful recommendations to effectively make any needed course corrections at VA. That is why this bill mandates that the nonpartisan Government Accountability Office perform this examination.

Under Senator RAPHAEL WARNOCK's legislation passed by the Senate, GAO would study racial and ethnic disparities regarding VA compensation benefits, including VA disability ratings and rejections of fully developed claims for benefits under laws administered by VA.
